"Best Patented Masterkey Systems" and "Best Patented Masterkey Codes" shall mean the respective masterkey system or codes of any Best Patented Masterkey Product.

**Sale of Best Patented Product:** As further described in this Section C, only those Authorized Distributors meeting certain necessary qualifications and standards shall be selected by dormakaba Canada to sell Best Patented Product. Selection shall be at the sole discretion of dormakaba Canada and shall be evidenced in writing via the Distributor Agreement or its select addendums.

**Best Patented Patented Security Authorization Form:** It is a responsibility of the Authorized Distributor to ensure that Best Patented Product does not end up in the possession of unauthorized individuals or entities. The Authorized Distributor must ensure that the End User completes a Best Patented Masterkey System Security Authorization Form (the "Security Authorization Form") as outlined in this Section C. The Security Authorization Form designates those individuals within the End User's organization that are authorized to place orders with the Authorized Distributor for Best Patented Product. The Security Authorization Form must be completed and signed by the End User.

It is the Authorized Distributor's full responsibility to validate the End User's signature as identified on the Security Authorization Form prior to accepting any orders for Best Patented Product. In certain circumstances the Authorized Distributor selling the Best Patented Product will not contract directly with the End User. In these circumstances, the Authorized Distributor is required to work with its reseller to ultimately ensure that the End User submits a signed Security Authorization Form to dormakaba Canada. Best shall have the right to audit all Security Authorization Forms maintained by the Authorized Distributors for completeness, accuracy and compliance with this Policy.

**Sale of Combined Best Patented Product through Distributor:** dormakaba Canada may authorize select Authorized Distributors to purchase and resell to an End User Best Patented Product that has been combined by dormakaba Canada Personnel. In this instance, a Security Authorization Form must be completed and signed by the End User and provided by the Authorized Distributor to dormakaba Canada with each Best Patented Product order.

**Stocking of Best Patented Product:** dormakaba Canada may authorize select Authorized Distributors to purchase and stock Best Patented Product and have access to Best Patented Masterkey Codes by entering into a Best Patented Masterkey System Distributor Agreement Addendum (the "Authorized Stocking Distributor") As a condition to the Authorized Stocking Distributor's continued access to Best Patented Masterkey Codes, it must comply at all times with the Best Patented Key Systems Security Procedure. In addition, it is the responsibility of the Authorized Stocking Distributor to ensure that they have a completed Security Authorization Form on file for each End User that places an order with the Authorized Stocking Distributor for Best Patented product and that the Authorized Stocking Distributor authenticates the signature of each Best Patented Product order utilizing the Security Authorization Form.

## BEST MASTERKEY CODE AND MASTERKEY SERVICE POLICY (continued)

**Best Patented Masterkey Code Generation:** To assist in reducing the possibility of duplication within a keying system and ensure security, all Best Patented Masterkey Codes must be created, modified and/or extended by Best's masterkey personnel and/or an Authorized Stocking Distributor. The unauthorized duplication or release of Best Patented Masterkey Codes to non-authorized people or organizations, including, but not limited to, unauthorized distributors, wholesalers, private locksmiths, other lock manufacturers, architects, or contractors, is a violation of this policy as well as the infringement of patent rights and other intellectual property rights of dormakaba Canada. In addition to any other recourse available under law, the unauthorized release of Best Patented Masterkey Codes by any Authorized Stocking Distributor shall result in immediate termination.

**Best Patented Masterkey System Exclusive Keyways:** Upon request from an End User to release Best Patented Masterkey Codes previously generated by dormakaba Canada that are on an exclusive keyway, dormakaba Canada will send a notification to the End User reminding them that their patented codes are on an exclusive keyway. dormakaba Canada will provide a copy of this notice to the Authorized Stocking Distributor. To assist in reducing the possibility of duplication within an End User exclusive keying system and ensure security, all exclusive Best Patented Masterkey Codes must be created, modified and/or extended and recorded in dormakaba Canada's BESTCode masterkey code management tool.

To assist in reducing the possibility of duplication within an End User exclusive keying system and ensure security, all exclusive Stanley Patented Masterkey Codes must be created, modified and/or extended and recorded in Stanley's BESTCode masterkey code management tool.

Should dormakaba Canada approve an Authorized Stocking Distributor to establish a Best Patented Masterkey System on an exclusive keyway, the Authorized Stocking Distributor shall be required to sign a Best Patented Masterkey System Exclusive Keyway Addendum. To assist in reducing the possibility of duplication within a Distributor exclusive keying system and ensure security, all exclusive Best Patented Masterkey Codes must be created, modified and/or extended and recorded in dormakaba Canada's BESTCode masterkey code management tool.

Copies of Best Patented Masterkey Codes: dormakaba Canada shall have a right to a copy of all Best Patented Masterkey Codes that have been originated, modified, extended or otherwise maintained by the Authorized Stocking Distributor in the dormakaba Canada BESTCode system in order for dormakaba Canada to be able to provide continued support either directly, or indirectly, to the End User.

## II. BEST MASTERKEY SERVICES

### A. BEST MASTERKEY SERVICES PROVIDED TO DISTRIBUTOR:

dormakaba Canada, upon request and at its sole discretion, may provide select masterkey services to an Authorized Distributor for both non-patented masterkey systems and Best Patented Masterkey Systems. **PRODUCTION SCHEDULING AND "DO NOT SHIP BEFORE" REQUESTS:** All orders are scheduled for production and shipping based on current production lead times and availability. Scheduling is completed only when an order is released from both credit and pricing review.

Exceptions to this policy are made only when the PO is clearly marked: "Do Not Ship Before" followed by the date. (Required Date, Expected Date, etc. do not apply) These orders will be scheduled to ship on or after the date listed.

Changes to "Do Not Ship Before" dates are required in writing and should be sent to: [BAS-Canadaorders.ca@dormakaba.com](mailto:BAS-Canadaorders.ca@dormakaba.com).

Be advised orders not clearly marked with a "Do Not Ship Before" designation will be payable within normal terms from the actual shipment date.

- Expedite requests will be reviewed and accommodated by Stanley based on production lead times and availability. See the then current dormakaba Canada Quick Ship Program for details.

- Size and complexity of the keying system being produced; and
- Stanley's receipt of payment from the Distributor.
